PROFILE

DevOps Engineer with a passion for streamlining processes and leveraging cutting-edge tools to deliver impactful solutions. With customer-oriented experience, I work closely with teams to ensure solutions align with business goals. Committed to continuous learning and growth, I've expanded my expertise beyond DevOps to stay ahead in an ever-evolving tech landscape. My goal is to apply my knowledge and skills to drive efficiency, innovation, and positive change within organizations and the broader community.

EXPERIENCE

OCTOPUS BOOTCAMP   **2023-2024**

- Gained hands-on experience with essential industry tools, including Red Hat , automated CI/CD pipeline , utilizing the GitOps framework .
